

## WHERE DOES GOOD LOVE GO

Written by: Tania Hancheroff, Jimmy Rithcey, & Billy Lawson

Does love take the high road  
First time a heart is broke  
Does it creep out, leak out, sneak out, I don't know  
It's so deceiving, you never see it leaving  
Tell me where does good love go when it's good and gone

Where does good love turn  
Now that fire no longer burns  
It just smolders, grows colder, when it's over  
It just moves on  
All I'm after  
Is one honest answer  
Tell me where does good love go when it's good and gone

Does it hop the blue train  
Bound for Memphis in a cold rain  
Like a gypsy, drifting, living like a rolling stone  
Somebody help me  
With an age old mystery  
Tell me where does good love go when it's good and gone

Tell me where does good love turn  
Now that fire no longer burns  
It just smolders, grows colder, when it's over  
It just moves on  
All I'm after  
Is one honest answer  
Tell me where does good love go when it's good and gone  
You know you gotta tell me where does good love go when it's good and gone
